

Greenwood Village Right-of-Way Permit Rates for 2019

Management and Inspection Rates

Management Fee - \$61.00 / hr.

Fee based on permit review by the Right-of-Way Coordinator and administrative management of the ROW Permit, including permit issuance, tracking, and acceptance. Minimum charge shall be two (2) hours.

Inspection Fee - \$52.00 / hr.

The Inspection Fee shall be based on the number of working days and the estimated time per day required for inspection of the permit scope of work. The minimum inspection time shall be five hours, based on 1 hour for a field preconstruction meeting, 1 hour of inspection per day during construction (with a minimum of three days of duration), and 1 hour for final acceptance inspection.

The Management & Inspection Fee shall be calculated as follows:

(Mgmt. Fee X Permit Review Time) + (Inspection Fee x Hrs per Day x Working Days of Permit) = Fee

The minimum Permit Fee (excluding Occupancy and Blanket Permits) shall be:

$$(\$61.00 \times 2 \text{ hrs.}) + (\$52.00 \times 1 \text{ hr.} \times 5 \text{ days}) = \$382.00$$

The minimum Permit Fee for Blanket/Occupancy Permits shall be:

$$(\$61.00 \times 1 \text{ hr.}) + (\$52.00 \times 1 \text{ hr.} \times 3 \text{ days}) = \$217.00$$

Pavement Restoration Rates (Based on 2017 Paving Contract Costs)

Asphalt Surface Restoration < 50 SY: (2" mill and overlay) - \$90.85 / SY

Minimum fee shall be \$2449.50 (20' x 12' min. area). This fee is applicable *if* the permittee elects to have the Village perform the final surface restoration.

Asphalt Surface Restoration > 50 SY: (2" mill and overlay) - \$20.98 / SY plus \$3622.50 mobilization and traffic control

Seal Coat Restoration - \$4.60 / SY plus \$ 575.00 mobilization / traffic control (Non-Residential)

\$4.60/ SY plus \$ 287.50 mobilization / traffic control (Residential)

Manhole Adjustment – \$172.50 each Detail Mill

Valve Adjustment – \$172.50 each Detail Mill

Striping – (cross-walk, stop bar, symbols, skips etc.) \$35.65 per square foot.

Note: The management and inspection rates are based on the average base salary of those positions for the current year plus 70% to cover benefits and indirect costs. Inspection fees outside of regular business hours (7am to 4pm Monday through Friday) shall be charged at 1.5 times the regular inspection rate with a daily two-hour minimum. Restoration rates are based on the Village's prior year awarded Paving Contract Unit Cost for that work item plus 15% to cover inflation and contract administration.
